

MCLAREN VALE PRACTICAL MANAGEMENT OF GRAPEVINE TRUNK DISEASES WORKSHOP

Photo courtesy of Dr Mark Sosnowski

The program will include:

- ❖ A progress update from SARDI scientists, Dr Mark Sosnowski and Matt Ayres of their research on the practical management of grapevine trunk diseases;
- ❖ A practical demonstration in the vineyard by Dr Mark Sosnowski to demonstrate the disease symptoms and remedial control methods.

Vineyard biosecurity protocols will be observed. Sign in and footbaths required on entry and parking in the designated carpark only.

Book at: <http://www.trybooking.com/185669>

RSVP: Wednesday April 20, 2016
